# COMPANY INTRODUCTION

EverPro Technologies Company Limited (hereinafter referred to as EverPro), headquartered in Wuhan Donghu New Technology Development Zone, is a high-tech enterprise specializing in fiber optic cables, optoelectronic chips, active optical cables (AOC), optoelectronic modules, and passive communications. Integrated wiring, data center micro-modules, cabinets and wiring and other related products design, production and sales. It has two major sub-brands, FIBBR and iCONEC. Among them, FIBBR not only developed the industry's first 8K HD HDMI v2.1 optical fiber cable, but also has multiple series of optical fiber data transmission products such as DP and USB. The reputation of customers has won numerous industry and various international media awards; the integrated wiring brand iCONEC, with many independent intellectual property rights in the field of wiring, is oriented to data centers and intelligent buildings, and provides customers with comprehensive integrated wiring products and solutions.

EverPro has in-house design capabilities of core technology advantages such as photoelectric conversion chips and consumer-grade special optical fibers. It has strong design, R&D, manufacturing and marketing competitiveness. It participates in the discussion and formulation of international standards such as HDMI, USBIF, J11A, and VESA. It has R&D branches and trading subsidiaries in Beijing, Hong Kong, Japan and other places, forming a global marketing network system.

Adhering to the core concept of "customer-oriented, responsibility, innovation first, and win-win cooperation", EverPro continues to meet the needs of the market and customers with excellent design, excellent products, high-quality solutions, and superior services, and strive to become the leader of global terminal optical interconnection.

# CORE COMPETENCIES

## In-House chip design Capabilities

- 1、 Technical Chip design Team
- 2、 Close to user needs, customized development can be carried out according to needs

## Optical Fiber and Cable Production Capacity

- 1、 All products fiber optic cables originate from YOFC
- 2、 The world's leading optical fiber manufacturing process, the world's largest production and sales volume

## Optoelectronic Module Assembly Capability

- 1、 Ultra-high precision laser cutting fiber
- 2、 End-face detection of high-magnification electron microscope

## Active Optical Cable Assembly Process

- 1、 IOU standard production line operation, high efficiency
- 2、 The process flow is standardized, and the product yield rate is guaranteed through SOP and clamps

## Complete testing system

- 1、 Support various extreme temperature tests
- 2、 Support vibration and ESD test
- 3、 Support tensile, bending, torsion and other mechanical performance tests

# PRODUCT REVIEWS

# USB3.0 Hybrid Optical Extend Cable ▶

(EPIUH21-A0A4)

## Feature —

50m

USB3.0/USB2.0/  
1.1

Bandwidth  
5Gbps

Power Supply  
900mA/5V

Drag chain test  
>10million tests

## Application Scenario —

## Related Certificates —

## Specification

Optional Cable Length: 10m/20m/30m/40m/50m

Power Consumption: 0.94W

Weight: 385g (10m)

Cable Outer Diameter: 4.0mm

Minimum Cable Bending Diameter: 20mm

Operation Temperature: 0 - 55°C

Storage Temperature: -40 - 80 °C

Interface of Host Side: USB3.0 Standard-A Plug

USB2.0 Micro-B receptacle for the device power consumption over 2W

Interface of Device Side: USB3.0 Standard-A Receptacle (with locking screw holes)

Transmit Speed: USB3.0 5Gbps and backward compatible with USB2.0/1.1

Power Supply: by USB Cable

Device Power Supply Max 5V 900mA (10m/20m/30m) / 600mA (50m)

Need use auxiliary power supply cable at host side if device power drawing over 2W

## Product Size

# USB3.0 Pure Optical Cable

(EPGUP13-A0A0)

## Feature

100m

Bandwidth  
5Gbps

EMC4.0

Drag chain test  
>10million tests

Work with USB  
Hub

## Application scenario

## Related certificates

## Specification

Optional Cable Length: 10m/20m/30m/40m/50m

/70m/100m

Power Consumption: 0.58W

Cable Outer Diameter: 3mm

Minimum Cable Bending Diameter: 20mm

Transmit Speed: USB3.0 5Gbps and backward compatible with USB2.0/1.1

Power: Need to powered from host computer

Operation Temperature: -10 - 55°C

Storage Temperature: -20 - 70 °C

## Product Size

# USB 3.0 SuperTT Adapter ▶

(EPU3D02AR)

## Feature —

One USB3.0 upstream  
and downstream

Support hot plug

## Specification —

Dimension: 72.6 x 32 x 15mm

Power Consumption: 1.5W

Operation Temperature: 0 - 55°C

Storage Temperature: -20 - 70 °C

Interface: USB3.0 Upstream— one USB3.0 Standard-A receptacle

USB3.0 Downstream— one USB3.0 Standard-A receptacle

DC Input: 5V 2A

Interface Dimension: 5.5mm\*2.1mm

# USB 3.0 HUB

(EPU3H01AR)

## Feature

One USB3.0 upstream  
and downstream

Support hot plug

USB3.0/USB2.0/  
1.1

## Specification

Dimension: 122 x 32 x 15mm

Power Consumption: 2.5W

Operation Temperature: 0 - 55°C

Storage Temperature: -20 - 70 °C

Interface: USB3.0 Upstream— one USB3.0 Standard-A receptacle

USB3.0 downstream— four USB3.0 Standard-A receptacle

DC Input: 12V 2A

Interface Dimension: 5.5\*2.1mm

# USB3.0 Hybrid Active Optical Cable ▶

(EPIUH52-A0B3)

## Feature

20m

Drag chain test  
>10million cycle tests

CE/FCC

## Application scenario

## Related certificates

## Specification

Optional Cable Length: 5m/10m/15m/20m

Power Consumption : 0.94W

Weight: 395g (10m)

Cable Outer Diameter: 4.8mm

Minimum Cable Bending Diameter: 50mm

Transmit Speed: 5Gbps

Interface: Host— USB3.0 Standard-A plug

Device— USB3.0 Micro B plug with locking screw

Operation/Storage Temperature: 0 - 55°C / -20 - 70 °C

Power Supply: Supports full USB3.0 transition speed 5Gbps

High Flexibility: drag chain test over 10million cycle tests

Have the ability of power supply. Max 5.75V 900mA (5/10/15mm)/600mA(20m)

## Product Size

# USB3.1 Gen1 High Flexuble Hybrid Active Optical Cable

(EPIUH61-A0B3)

## Feature

20m

Plastic injection housing

Drag chain test  
>50million cycle tests

Twist test  
>10million cycle tests

90°Bending test  
> 5million tests

## Application scenario

Machine Vision Camera Extension

Industrial Printer

Digital Signage and TV Wall

Security Camera Extension

Remote Storage

Zero Client Connectivity

## Related certificates

## Specification

Optional Cable Length: 5m/10m/15m/20m

Power Consumption: 0.94W

Weight: 370g (10m)

Cable Outer Diameter: 4.8mm

Minimum Cable Bending Diameter: 50mm

Twist Test > 10million tests

90° Bending Test > 5million tests

Interface: Host— USB3.1 Gen1 Standard-A plug

Device— USB3.1 Gen1 Micro B plug with locking screw

Transmit Speed: 5Gbps

Have the ability of power supply. Max 900mA (5/10/15mm)/700mA(20m)

Operation/Storage Temperature: -10 - 55°C/ -40 - 85 °C

Drag Chain Test > 50million tests

## Product Size
